# THE FASTEST PLAYING NECK IN THE WORLD

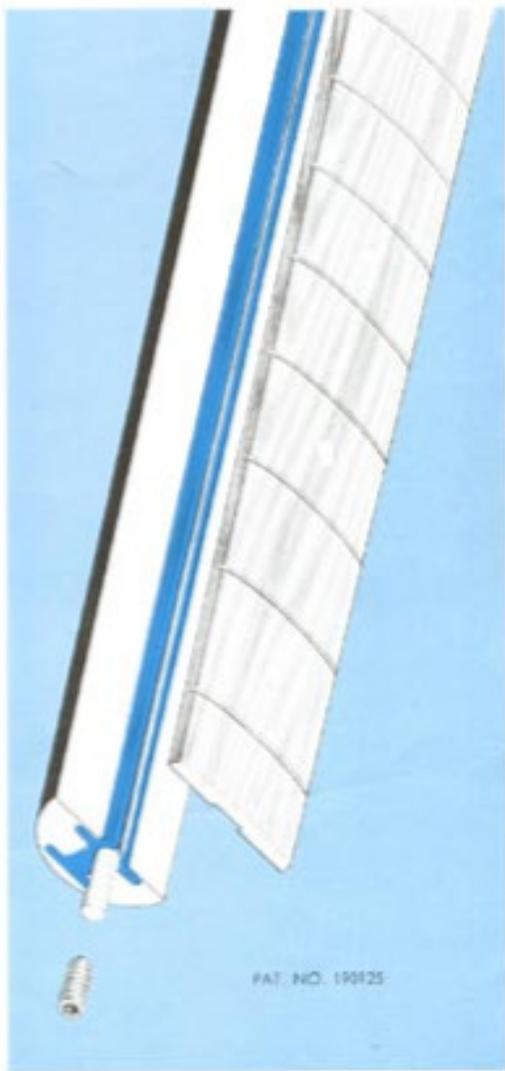

The Hagstrom neck is the fastest playing neck in the world . . . and is guaranteed to remain in perfect alignment. This is achieved by the patented "H" Expander-Stretcher which is built into every Hagstrom neck. (see illustration)

## "H" EXPANDER-STRETCHER

The "H"-rod insures perfect neck alignment and the lowest string action — giving Hagstrom the fastest playing neck in the world.

A 10 year guarantee and insurance policy is given to the original purchaser of every Hagstrom guitar and bass.

PAT. NO. 199125

## HAGSTROM ACOUSTIC ELECTRIC GUITARS AND BASSES

"True" sound... with exceptionally wide tonal range created by special sound posts beneath the bridge. The sound is reproduced acoustically in the body, then electrically projected by the super-sensitive Hagstrom pickups.

Lightweight, graceful, slim, double cutaway design, 16 inch arched body. Handsomely polished finishes. Heavy celluloid bound edges. Hagstrom's deluxe Crest tailpiece. Fast action neck with patented "H" expander rod. Celluloid bound rosewood fingerboard with pearl inlaid dots and visual side markers. 2 ultra-sensitive adjustable pickups each with separate volume and tone controls, 3-way toggle switch, for treble or bass pick-up, or both. Micro-matic adjustable bridge. Individually enclosed tuning units.
